ANNUAL WHOLESALE PRICE LIST

FALL, 1915

SPRING, 1916

FRASER NURSERY
COMPANY

INCORPORATED

HUNTSVILLE, ALABAMA

FOR NURSEYMEN AND DEALERS ONLY

TO THE TRADE

IT IS with a feeling of modest pride in our increased stock and facilities that we present our Annual Wholesale Price List for Fall 1915 and Spring 1916 to our friends and customers in the trade many of whom have been with us year in and year out, since the beginning of our nursery. To these, who have given us a large and increasing share of their business as our output has increased, we feel justly indebted and extend sincerest thanks for all favors. We take up the work of the present shipping season feeling that we have the confidence and good will of this large body of representative nurserymen of the United States and with the determination to spare no effort to make every transaction, no matter how large or small, more strongly cement the ties of friendship between ourselves and customers through efficient and satisfactory service.

We have been favored with almost ideal growing conditions during the past summer months and the result of this in combination with what we have learned to be best cultural methods are best shown by glimpses of the different blocks of stock portrayed in the accompanying pages. With such high grade stock we feel no hesitancy, therefore, in saying that we are better equipped than ever before to handle all orders intrusted to us.

To those whom this list reaches, and with whom we have never had the pleasure of doing business before, we extend a hearty invitation to get acquainted and join scores of other regular and satisfied customers. We are at your service to a man, and no pains will be spared to please down to the minutest detail. This and our established policy of "Full value and a square deal to all" is the basis on which we solicit your business.

Yours very truly,

FRASER NURSERY COMPANY

HUNTSVILLE, ALABAMA

ANNUAL
WHOLESALE PRICE LIST
OF THE
FRASER NURSERY
COMPANY
INCORPORATED
HUNTSVILLE, ALABAMA

FALL 1915
SPRING 1916

FOR NURSEYMEN AND DEALERS ONLY

IMPORTANT!

This list is intended to reach only those entitled to Wholesale Trade Prices. Errors are sometimes made, and in order that our mailing list may be corrected, we will thank any one in the trade to advise us should they have knowledge of our list reaching parties not so entitled.

DO WE HAVE YOUR NAME AND ADDRESS CORRECT? Occasionally we find that we are mailing a copy of our list to a nursery and another to its proprietor, under the impression that they are separate and distinct. You can have as many copies as you want and ask for, but we would like to have the business name and owner's name together on our lists for mailing, and shall be very grateful for correction of such errors in address.

TERMS OF SALE

CASH or satisfactory reference, with sufficient time to investigate before shipment, is invariably required of parties unknown to us. To responsible, prompt paying parties, we will extend usual time for payment.

REMITTANCES should be made by Draft on New York, Chicago or St. Louis, or by Express or Postal Money Order.

CLAIMS for damages or deficiencies to receive consideration must be made promptly upon receipt of goods.

RATES apply as follows: When 10 trees and not over 50 are ordered, the price will be $2\frac{1}{2}$ cents per tree more than the price per 100. Orders for 50 trees or more up to 300, when not less than 10 trees of each variety, will be charged for at the price per 100. Orders for 300 trees or more, when not less than 10 trees of each variety, will be charged for at the price per 1000.

TELEGRAMS—Use Nurserymen's Telegraphic Code, copy of which we will mail upon request. In connection with this we give a cipher word in *Italics* for each grade. When this cipher word is used either in mail or telegraphic orders no other description of the stock desired is necessary.

PACKING—We believe we excel others in the manner of handling stock. This is due largely to personal experience and supervision. We pack to insure contents from drying or freezing, even though the shipment be delayed in transit.

The cost of new boxes, well made, to be added as follows:

30 x 30 x $7\frac{1}{2}$ to 9 feet	\$2.50	18 x 24 x $7\frac{1}{2}$ to 9 feet	\$1.75
24 x 30 x $7\frac{1}{2}$ to 9 feet	2.25	18 x 18 x $7\frac{1}{2}$ to 9 feet	1.50
24 x 24 x $7\frac{1}{2}$ to 9 feet	2.00	15 x 15 x $7\frac{1}{2}$ to 9 feet	1.00

In packing small stock we can sometimes use goods boxes that will fill the purpose just as well as our own new cases, and there is considerable saving by so doing. Goods boxes will be used wherever possible, unless otherwise instructed.

Bales 25 cents to 75 cents, according to size.

SHIPMENTS—When ordering, please state plainly whether freight or express shipment is desired, and give route if by freight. In the absence of this information we will use our best judgment without assuming any responsibility as to delivery. Goods are at purchaser's risk and cost after delivering to the forwarding company. Under the new Parcel Post system we are often able to forward small packages for less than the rates charged by express companies. Parties desiring to secure the benefits of Parcel Post should include sufficient for postage in their remittances; the difference, if any, will be refunded promptly.

GUARANTEE—We are very careful to keep each variety true to name as labeled, and are ready at any time to replace, on proper proof, any that may prove otherwise, free of charge, or refund the amount paid, but it is mutually agreed between the purchaser and ourselves that we shall at no time be liable for an amount larger than the original purchase price.

CAUTION—All orders are accepted upon the condition that they shall be void should any injury befall the stock from frost, hail, fire or other causes beyond our control.

REFERENCES—Any Bank or Business House in Huntsville, Alabama, or either of the Mercantile Agencies.

ROSES OF SPECIAL MERIT

Priced on pages 25 and 26

CLIMBING AMERICAN BEAUTY. H. C. This rose, a seedling of American Beauty has proven one of the most popular introduced in many years. Same color, size and fragrance as the parent plant, with the advantage of climbing habit, good foliage and better blooming qualities. Perfectly hardy and very vigorous grower.

JONKHEER J. L. MOCK. H. T. Strong vigorous grower; free bloomer and extremely fragrant. Color clear imperial pink; outside of petals silvery rose-white. A rose of great merit.

MADAM RAVARY. H. T. Long pointed buds of beautiful golden-yellow opening to large, full orange-yellow flowers; very free blooming.

RADIANCE. H. T. Very vigorous free grower, strong upright canes, lovely rosy pink flowers, shading to coppery red. One of the best.

No. 3, under $\frac{2}{16}$ inch		Senate
PEAR, French		
7 to 12 mm.		Senile
5 to 7 mm.		Senior
Japan		
No. 1, $\frac{3}{16}$ inch and up		Senna
No. 2, $\frac{2}{16}$ to $\frac{3}{16}$ inch		Senora
No. 3, under $\frac{2}{16}$ inch		Sense
PLUM, Americana		
No. 1, $\frac{3}{16}$ inch and up		Sensible
No. 2, $\frac{2}{16}$ to $\frac{3}{16}$ inch		Sensitive

MAGNOLIA GRANDIFLORA—Twice Transplanted

	Cipher	Per 100
6 to 8 feet, heavily branched	<i>Mace</i>	\$150 00
5 to 6 feet, heavily branched	<i>Magic</i>	120 00
4 to 5 feet, well branched	<i>Magnet</i>	75 00
3 to 4 feet, well branched	<i>Mail</i>	50 00
2 to 3 feet, branched	<i>Major</i>	35 00
18 to 24 inches, few branched	<i>Malady</i>	25 00

A corner of our Seedling Nursery where young stock for transplanting is grown. Looking down a bed of *Cornus Florida*.

YOUNG ORNAMENTAL STOCK FOR TRANSPLANTING

We have the following stock suitable for transplanting the coming season. Grades and prices will be given in our first Surplus List issued during winter, but will take pleasure in quoting by letter at any time. Send list of your wants.

Abelia Grandiflora (Rupestris).
Acer Dasycarpum (Silver Maple)
Negundo (Box Elder)
Saccharinum (Sugar Maple)
Aesculus Hippocastanum (Horse-chestnut)
Ailanthus Glandulosa (Heavenwood)
Althea, Assorted named varieties
 seedlings for grafting

Ampelopsis Engelmannii
Quinquefolia (Virginia Creeper)
Veitchii (Boston Ivy)
Berberis Purpurea (Purple Barberry)
Thunbergii (Japanese Barberry)
Vulgaris (Common or Green Barberry)
Betula Alba (White Birch)

- Buddleya Intermedia**
Lindleyana
Varabilis Veitchiana
Varabilis Magnifica (Butterfly Bush)
Buxus Arborescens
Rotundifolia
Sempervirens
Suffruticosa (for edging)
Calycanthus Floridus (Sweet Shrub)
Precox
Caryopteris Mostacantha (Blue Spirea)
Catalpa Speciosa
Celtis Occidentalis (Hackberry)
Cercis Canadensis (Red Bud)
Chamaecerasus Frangrantissima (Fragrant Tree Honeysuckle)
Tartarica (Tartarian Honeysuckle)
Chionanthus Virginica (White Fringe)
Cladrastris Tinctoria (Yellow Wood)
Corchorus Japonica (Single Kerria)
Japonica flore pleno (Double Kerria)
Japonica Variegata (Variegated Kerria)
Cornus Florida (White Flowering Dogwood)
Florida Rubra (Red Flowering Dogwood)
Stolonifera (Ozier Dogwood)
Corylus Americana (Hazel Nut)
Purpurea (Purple Leaf Hazel)
Crataegus Oxacantha (White Thorn)
Cydonia Japonica (Japan Quince)
Cytisus Laburnum (Golden Chain)
Deutzia Crenata
Crenata flore pleno
Pride of Rochester
Gracilis
Lemoinei
Elaeagnus Augustifolia (Russian Olive)
Euonymus Americanus (Strawberry Bush)
Japonica (Evergreen Euonymus)
Japonica Argenteis (Silver Striped)
Japonica Aureis (Golden Leaf)
Japonica Macrophyllum (Large Leaved)
Radicans (Climbing Euonymus)
Vegetus (Climbing Bitter-sweet)
Exochorda Grandiflora (Pearl Bush)
Forsythia Fortunei
Fortunei Aurea
Intermedia
Suspensa
Viridissima
- Fraxinus Americana** (American White Ash)
Viridis (Green Ash)
Gardenia Jasminoides (Cape Jasmine)
Ginkgo Biloba (Maiden Hair Tree)
Halesia Tetraptera (Snowdrop Tree)
Hammelis Virginica (Witch Hazel)
Hedera Helix (English Ivy)
Hydrangea Arborescens (Native Hydrangea)
Arborescens Sterilis (Hills of Snow)
Paniculata Grandiflora
Hypericum Moserianum (Gold Flower)
Ilex Opaca (American Holly)
Jasminum Nudiflorum
Nudiflorum Foliis Aureis
Koelreuteria Paniculata (Varnish Tree)
Ligustrum Sinense (Amoor River Privet—Southern type)
Amoor (Hardy Privet)
Ibota
Japonicum (Japanese Privet)
Ovalifolium (California Privet)
Regelianum (Regel's Privet—Prostrate)
Vulgaris (Common or English Privet)
Lindera Benzoin (Spice Bush)
Liquidambar Styraciflua (Sweet Gum)
Liriodendron Tulipifera (Tulip Tree)
Lonicera Halleana (Hall's Japan Honeysuckle)
Sempervirens (Scarlet Trumpet Honeysuckle)
Sempervirens Flava (Yellow Trumpet Honeysuckle)
Magnolia Acuminata (Cucumber Tree)
Grandiflora (Evergreen Magnolia)
Mahonia Aquifolium (Holly Leaved Mahonia)
Melia Azedarach Umbraculiformis (Texas Umbrella Tree)
Nyssa Multiflora (Black Gum)
Philadelphus Coronarius (Mock Orange)
Foliis Aureis (Golden Syringa)
Gordonianus
Grandiflora
Lemoinei
Platanus Occidentalis (American Sycamore)
Populus Fastigata (Lombardy Poplar)
Monilifera (Carolina Poplar)

YOUNG ORNAMENTAL STOCK FOR TRANSPLANTING—Continued

<i>Pueraria Thunbergiana</i> (Kudzu Vine)	<i>Symphoricarpos Vulgaris Variegata</i> (Variegated Leaf)
<i>Rhamnus Catharticus</i> (Buchthorn)	<i>Syringa Vulgaris</i> (Common Lilac)
<i>Rhodotypos Kerrioides</i> (White Kerria)	<i>Tamarix Africana</i> <i>Odessana</i>
<i>Rhus Aromatica</i> (Fragrant Sumach)	<i>Tilia Americana</i> (American Linden)
<i>Cotinus</i> (Purple Fringe)	<i>Ulmus Americana</i> (American Elm)
<i>Copallina</i> (Black Sumach)	<i>Racemosus</i> (Cork Elm)
<i>Glabra</i> (Smooth Sumach)	<i>Viburnum Opulus</i> (Highbush Cran- berry)
<i>Spirea Anthony Waterer</i>	<i>Opulus Sterilis</i> (Common Snowball)
<i>Billardi</i>	<i>Plicatum</i> (Japan Snowball)
<i>Bumalda</i>	<i>Tomentosum</i>
<i>Callosa Alba</i>	<i>Weigela Candida</i> (White)
<i>Callosa Rosea</i>	<i>Eva Rathke</i> (Light Red)
<i>Callosa Rubra</i>	<i>Floribunda</i> (Red)
<i>Opulifolia</i>	<i>Rosea</i> (Pink)
<i>Opulifolia Aurea</i>	<i>Frutescens</i>
<i>Prunifolia</i> (Bridal Wreath)	<i>Sinensis</i> (Chinese Purple)
<i>Reevesiana Flore Pleno</i>	<i>Sinensis Alba</i> (Chinese White)
<i>Salicifolia</i>	<i>Magnifica</i> (American Wistaria)
<i>Thunbergii</i>	<i>Yucca Filamentosa</i> (Adams' Needle)
<i>Van Houttei</i>	
<i>Symphoricarpos Racemosus</i> (Snow- berry)	
<i>Vulgaris Rubra</i> (Indian Currant— Coral Berry)

Erna Teschendorff	La France	

NURSERY TOOLS AND SUPPLIES

The Best Goods at Reasonable Prices

KNIVES, GRAFTING

F. No. 1—Grafter

3½ inch handle, 2½-inch "sheep foot" blade. Holds a fine edge in grafting and makes a very serviceable knife for general use in the nursery. Price 25c each, \$3.00 per dozen, prepaid; \$2.75 per dozen, not prepaid.

F. No. 2—Grafter

4-inch handle, 3-inch blade of finely tempered steel. Much heavier and stronger than the above, and is a splendid all round knife for heavy work. Price, 35 cents each, \$3.50 per dozen, prepaid; \$3.25 per dozen, not prepaid.

KNIVES, PRUNING

Fraser's Special Pruner

Three-inch "hawk-bill" blade, five-inch stationary wood handle tapering to fit the palm comfortably, blade riveted firmly to handle and rivets covered by one inch brass ferrule to give the joint strength without bulkiness. Light, strong, keen and durable. The best knife we know of for "cutting back" and heavy pruning. Price, 35 cents each, \$3.75 per dozen, prepaid; \$3.50 per dozen, not prepaid.

KNIVES. BUDDING

Wostenhom's IXL Ivory Tip

Made by the famous English cutlery firm and generally conceded the best budding knife made, so that no further comment is necessary. Price, 75 cents each, \$8.00 per dozen, prepaid; \$7.75 per dozen, not prepaid.

F. No. 3—Budder

Stationary handle budding knife with blade of splendidly tempered steel. The blade has just the right "pitch" for budding, and this style is preferred to the folding knife by many budders. Price, 25 cents each, \$2.50 per dozen, prepaid; \$2.25 per dozen, not prepaid.

PRUNING SHEARS

F. No. 5—English Pattern

Nine inches long, full polished steel handles and hook; blade specially tempered steel; polished steel bolt and ratchet nut; double brass flat springs; end handle catch. A good, strong, "easy springed" shear that will not tire the hand and is capable of long, efficient service. Price, including one extra blade, \$1.60 per pair, prepaid; \$1.40 per pair, \$15.00 per dozen, not prepaid.

F. No. 6—California Pattern

Nine-inch, with ratchet tightening nut, blued steel handles and hook, polished steel blade of good quality, blued steel nesting coil spring, end catch for handles. Not as good shear as No. 5, but well worth every penny of its price. Per pair, 50 cents, prepaid; 45 cents per pair, \$5.50 per dozen, not prepaid.

AUTOMATIC TACKING MACHINE

Throw away your tack hammer—get an up-to-date machine to put your tags on right—no loss of time looking for tacks or hammer; no smashing of fingers in the old-fashioned way. Machine always ready and only one motion to drive the staple in hard or soft wood. Heavy and well made and will not get out of order easily. Price each \$4.00 F. O. B. Steel staples ready for loading into machine, in lots of 10,000 to 25,000, 35 cents per thousand. Special discount in quantities of 25,000 or more.

AMES NURSERY SPADE

Standard among nurserymen. D-handle, square point blade, tapering from 7½ inches wide at heel to 5½ inches at point, 12¾ inches long. Handles re-enforced with double steel traps entire length. Weight about 9 pounds. Price each, \$1.50; per dozen, \$18.00, not prepaid.

BURLAP

Clean, strong, second-hand burlap, mostly furniture wrappings and containing no chemical that could injure trees or plants. Comes in various lengths and widths which are just the thing for baling. We recommend sorting the different sized pieces into uniform lots so that it will be easy to select a piece to fit any bale and thus obviate the waste of cutting. Put up in bales of approximately 500 pounds and averages two yards to the pound. Price in bale lots only, six cents per pound F. O. B.

WOOL TWINE

This season we have a high-grade three-ply twine averaging 290 feet per pound, with breaking strength of 88 pounds, which is much stronger than the average four-ply wool twine and in addition our three-ply twine runs about 50 feet more to the pound than the twine we have used and sold heretofore. We believe, after thorough investigation, that this is the best twine for nursery purposes on the market today. Put up in balls of ten to twelve pounds, packed in bales of about 250 pounds. Price in bale lots, 11 cents; less than bale, 12 cents per pound F. O. B. Glad to ship in any quantity from one ball up.

SEWING TWINE

Four-ply Sail twine of uniform strength. Does not bunch and is strong enough to sew any bale without doubling. Put up in skeins which can be cut through, making twine just the proper length to use handily in your needles. Skeins are done up in bundles of about twelve pounds. Price, 20 cents per pound F. O. B.

SISAL CORD

Three-ply unoiled Sisal of best quality. Has plenty of strength for the largest bale. Put up in reels weighing approximately 100 pounds. Price, 12 cents per pound F. O. B.

SEWING NEEDLES

Five-inch, good quality steel needles, 35 cents per dozen prepaid; 25 cents per dozen not prepaid.

BOX LINING PAPER

High grade, No. 1 Kraft Paper, 40 pound basis, in 36 and 40 inch widths. Good also for wrapping bales, etc. We believe Kraft paper of good quality is by far the best for nursery use and we were converted to this only after thorough tests under all sorts of conditions. Our stock was selected this season with a view of giving the most yardage per pound in combination with greatest strength and durability under usual nursery conditions. We feel sure that it will fill all requirements. Put up in rolls of approximately 100 pounds. Price, six cents per pound F. O. B. Do not sell less than whole roll.

BOX STRAPS

Average one inch wide, eight inches long. Strong enough to "guarantee" the corners and middle pieces of your box from breaking loose, yet soft enough to be easily pierced by medium sized boxing nail. Not necessary to punch holes before you start strapping your box. Price, less than 50 pounds, 5 cents per pound; 50-pound boxes, 4½ cents per pound; 100-pound boxes, 4 cents per pound, F. O. B.

LABELS

Plain copper wired, 3½-inch, 1000 to package, 90 cents per thousand. In lots of 5000 or more, 85 cents per thousand, not prepaid.

PRINTED LABELS

Copper wired and neatly printed, 2½-inch notched label. Twenty cents per hundred, prepaid; \$1.00 per thousand, not prepaid. In lots of 5000 or more, 85 cents per thousand, not prepaid. Can supply printed labels of almost any standard variety of tree or plant named in our list, but will not sell less than 100 of any variety.

NATURAL PEACH PITS

We have our usual supply of strictly natural peach seed and offer either 1914 or 1915 crop. These seed are collected in the North Carolina mountains primarily for our own plantings and we secure the best that can be had. They will average 6,000 to 7,000 per bushel and will germinate 95 per cent or better. If you want a good stand of thrifty, vigorous seedlings next Spring, plant our seed. If you want a cheap job-lot seed at a few cents under market price try someone else.
